

BDM1

APPLICATION

Severe Service

AXLE POSITION

Drive

FEATURES

- BDM1 is a Bandag Regional On/Off Road Drive Application tread.
- Directional design for increased traction and longer wear.
- Excellent traction in both on road and off road applications.
- Superior resistance to cuts and punctures.
- Wide and open shoulders with full depth voids to retain integrity of traction producing lug design till wear pull point.
- Tie bars to protect against tread squirming and excessive heel and toe wear.
- Improved self-cleaning due to shape and design of lugs.

TYRE SIZES

- 295/80R22.5
- 315/80R22.5
- 12R22.5
- 13R22.5
